

PCX SOLUTIONS EPR PROGRAM

STEP 1

FOOTPRINT & DISCLOSURE

Company calculates footprint, with defined scope, type of plastic and location.
3rd party auditor verifies footprint.
Mandatory or voluntary disclosure.

STEP 2

STRATEGY & LEADERSHIP

Company sets plastic responsibility strategy based on footprint and disclosure & EPR requirements and / or voluntary action.

STEP 3

UPSTREAM REDUCTION

Companies to perform mitigation actions to reduce their footprint, e.g. through elimination, minimization, use of recycled content, alternative materials and circular systems.

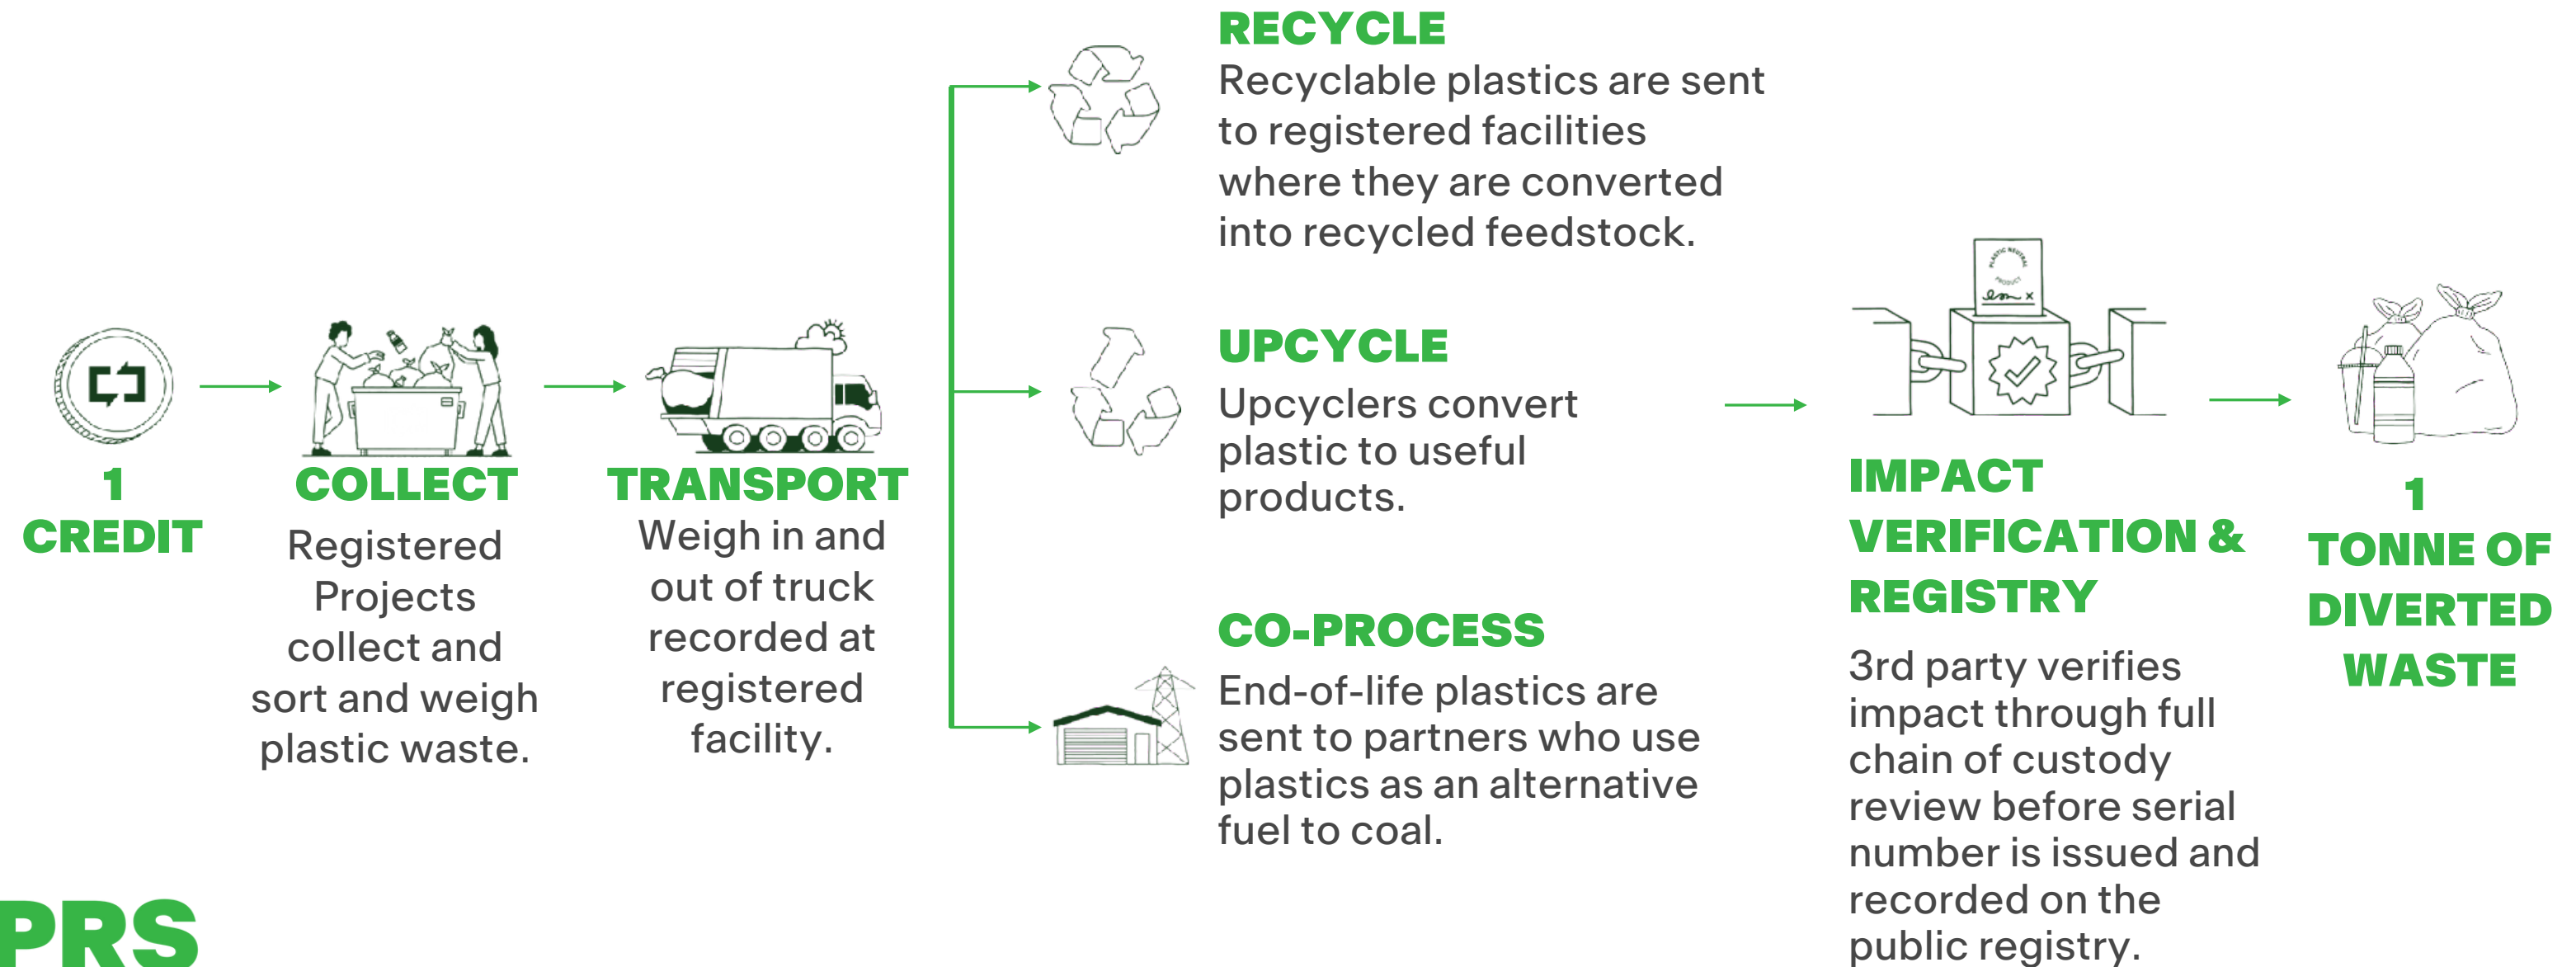

STEP 4

DOWNSTREAM INVESTMENT

Companies to support clean up and downstream projects which adhere to a robust standard with environmental and social safeguards, traceability, transparency, and additionality assurance, as beyond value chain action.
